RESEARCH INTEREST

The northstar of my research is finding a unified and scalable framework aligned with multi-modalities and human preferences for various vision-centric tasks. To this end, I am delving into multi-modal understanding (*e.g.* VLM) and robot learning (*e.g.* VLA), focusing on building effective multi-modal representations of the 3D world to be used for real-world scenarios.

- **Multi-modal representation**
  - Alignment [P4, P2]
  - Reasoning [P4, P3, P2]
  - Hallucination
- **High-dimensional vision**
  - Spatial understanding [P4, P2, P1]
  - Temporal understanding [C1, P1]
  - Motion estimation [C1]
- **Robot learning**
  - Action modeling & planning [P3]
  - Imitation learning

Conference on Neural Information Processing Systems (NeurIPS), 2024, Spotlight Presentation

EDUCATION

KAIST, Ph.D student in Artificial Intelligence (advisor: Prof. Jinwoo Shin) — Sep 2024 - Current
Korea University, B.S. in Computer Science and Engineering, Statistics — Mar 2020 - Aug 2024

WORK EXPERIENCE

ALINLAB, Research Intern (advisor: Prof. Jinwoo Shin) — Jeongja, South Korea / Mar 2023 - Aug 2024
Arcreal, ML Engineer (host: Prof. Jinwoo Shin) — Gangnam, South Korea / Jan 2023 - Jan 2024
MLVLAB, Research Intern (advisor: Prof. Hyunwoo J. Kim) — Anam, South Korea / Jul 2022 - Dec 2022
M-monstar, Fullstack Engineer — Pangyo, South Korea / Jul 2021 - Aug 2021

COLLABORATION

POSTECH CVLAB, Working on VLM reasoning (advisor: Prof. Minsu Cho) Remote / Apr 2025 - Current
Korea Univ. RILAB, Working on VLA reasoning (advisor: Prof. Sungjoon Choi) Remote / Jul 2025 - Current

EXTRACURRICULAR ACTIVITIES

Google Developer Student Clubs (GDSC) @ Korea University, Lead and Founder Aug 2022 - Jul 2023

HONORS & AWARDS

Silver Prize, K-Data Science Hackathon, 2023 ($2,000)
Top 8, Artificial Intelligence Grand Challenge, 2022
Dean's List, Korea University, 2020 - 2023

PROJECTS

Google DSC, "Google Solution Challenge: Recovery," 2024
Google DSC, "Horang Studio: Diffusion-based personalized AI profile service," 2023
Google DSC, "Google Solution Challenge: digiHow," 2023

SELECTED TALKS

Yonsei & Korea Univ., Google DSC, "Towards the New World of Computing: CV on Real-world," Dec 2024
Korea Univ., Google DSC, "Recent Advances in Machine Learning," Nov 2023

SKILLS

- **Language**
  - **Python** Advanced
  - **C/C++** Advanced
  - **Javasciprt** Intermediate
- **ML/DL**
  - **PyTorch** Advanced
  - **TensorFlow** Advanced
